

ABDUGANIEV FAYZULLO SOLIJON UGLI

📍 Seoul, South Korea | ✉️ fayzullo.coder@gmail.com | ☎️ +8210-5592-3252 | 🌐 [Portfolio](#)

👤 Career Objective

Detail-oriented Frontend Developer specializing in React.js and Tailwind CSS, with 10+ projects deployed on Netlify/GitHub. I focus on clean, accessible UI, reusable components, and responsive performance. I'm currently expanding my backend skills with Node.js, Express, and PostgreSQL to become a Full-Stack Developer. I'm seeking a junior opportunity to deliver real user value, learn from code reviews, and contribute to a collaborative team.

🎓 Education

Kyungbok University — A.S. in Software Convergence (Gyeonggi-do, South Korea)

📍 GPA: 4.2/4.5 | Exp. Graduation: Feb 2026

Relevant Coursework: Data Structures, Algorithms, OOP, Web Development, Database Systems, UI/UX Design

Sunmoon University — Korean Language Program

Achieved **TOPIK Level 6 (Advanced, C1)**

✂️ Technical Skills

Languages: HTML5, CSS3, JavaScript (ES6+),

Frontend: React.js, Tailwind CSS, Bootstrap

Backend (learning): Node.js, Express, PostgreSQL

Tools: Git, GitHub, Vite, Webpack, VS Code, Figma

📁 Projects

🤖 Chat With AI — *React, Tailwind CSS*

Modern AI chatbot interface built with React and styled using Tailwind. Supports dark mode and responsive design.

- ✂️ **X:** React components, Tailwind CSS, AI-like interface structure
- 💡 **Y:** Enables users to chat with pre-defined AI responses in a clean and modern UI
- ✓ **Z:** Implemented reusable components and responsive layout for mobile and desktop

🏠 Healthy Pentagon

JSP + MySQL Food & Product Review Platform

- ✂️ **X:** JSP + MySQL, modular JSP views
- 💡 **Y:** Dynamic diet tabs & product review cards
- ✓ **Z:** Roadmap with search, admin CRUD

🌐 [View on GitHub](#)

🌐 Rest Countries Explorer — *JavaScript, API Integration*

A web app to browse and search countries using the REST Countries API. Shows data like flag, population, region, etc.

- ✂️ **X:** Fetched API data dynamically and rendered via JS
- 💡 **Y:** Allows users to filter and learn about countries interactively
- ✓ **Z:** Deployed and tested with responsive design, filter functionality
